

9 August 1984

MEMORANDUM FOR: Executive Director  
Deputy Director for Intelligence

FROM: Deputy Director of Central Intelligence

SUBJECT: Pressure Point '84

The Joint Chiefs of Staff are conducting an exercise in November 1984 and have asked that the CIA participate as they have in the past. DIA is particularly anxious for our involvement in the control group and in scripting scenarios. Suggest you close the loop with DIA to see where and how we might participate.
